

The Lucknow Summit 2025

Ecosophical Foundation for the Study of Literature and Environment

&

National Post Graduate College, Lucknow, Uttar Pradesh

Jointly Organise

An International Conference

on

GEOPOLITICS OF CLIMATE CHANGE

(The Genesis of Amplified Ecological Doom Loops)

The 3rd EFSLE International Conference (The Lucknow Summit 2025) aims to examine the repercussions of the sustaining geopolitical strata accountable for the climate change and to figure out its possible resolutions. Being a multidisciplinary and an interdisciplinary conference, original research papers from all the streams are most welcome to discuss such grave issues largely related but not exclusively limited to the following:

Sub-Themes:

1. Geopolitics in the Anthropocene: An Intimidating Delinquency
2. Geopolitics, Globalization and Environmental Crisis
3. Climate Change and Rethinking the Nature of Political Geography
4. Substantial Tourism, Ecotourism and Cultural Tourism: An Ecological Interpretation of these Eco-Cultural Attributes related to Climate Change
5. The Kumbha and Cultural Eco-Consciousness
6. An Urban and Religious Saga of Ecotourism with special reference to Climate Change
7. Literary Cartography: Cognitive Mapping, Spatiality and Architectural Narratives
8. World Literatures and Climate Change
9. Ecosophical Narratives, Indigeneity and Climate Change
10. Climate Fiction (cli-fi), Landscapes and Environmental Crisis
11. Ecopoetry, Ecodrama and Climate Change Theatre & Criticism
12. Eco-pedagogy, Eco-ethics and Conservation
13. Indian Knowledge System and Climate Change Mitigation
14. Socio-psychological Attributes of Conservation
15. Climate Change and Societal Responses: A Sociological Perspective
16. Climate Change and Resource Scarcity, Displacement and Conflict
17. Climate Action, Sustainable Development and SEZ
18. Revisioning Global Politics and Climate Change
19. Climate Geometrics and Geoengineering
20. Musicology, Ethnomusicology and Ecomusicology: Communicating towards Climate Change
21. Climate-Resilient Agriculture and Agroforestry
22. Regenerative Agriculture: Nature-based Solutions adapting the Indigenous Knowledge
23. Controlled Environment Agriculture (CEA), Agroecology and Agrivoltaics
